A first impression

We offer for sale an apartment in a circa 1930 building on Leone Tolstoi Street, equipped with an elevator and half-day doorman service. The property of about 80 square meters currently consists of a cozy eat-in kitchen, two bedrooms, a windowed service and two balconies. A spacious basement on the -1 floor completes the property. The apartment has a double exposure and boasts excellent brightness despite being located on the first noble floor. The double-glazed windows and interior doors were renovated in 2019. The two bedrooms are served by one of the two balconies (the larger), while the smaller one, which exposes to the condominium courtyard, is very functional because it serves the kitchen. At the end of June 2024, it was resolved to install a new condominium boiler and renovate the facade of the building. These works, are therefore, completely borne by the selling party. The property is currently leased for about 2 years. It is a unique opportunity for those looking for a valuable property, whether for personal use or investment. Contact us for more information and to discover the full potential of this interesting real estate proposal in the heart of Milan.
