A first impression

In the heart of the UNESCO heritage hills of Monferrato, we offer for sale a 50-hectare winery complex, set in a landscape of rare beauty. Not far from Varazze and Albisola (seaside resorts) and bordering the Asti Langa, it is a highly renowned area in which steep hills and historic vineyards, white limestone soils and sunny southwestern exposures are part of the characteristics of these places that are ideal for optimal grape ripening. Harvesting is done by hand and vinified in the area. Up to 9 types of wines are produced. No building cubage limits for any winery, housing, stable (equestrian center) projects. The complex consists of two wineries and three brands. In this setting, we find the first rural building made of stone and exposed brick while the second building has been renovated. With three registered trademarks, we have 32 vineyards with replanting rights. This estate is renowned for the production of quality wines, with ideal exposures and soils highly suited to the cultivation of vines. The property is easily accessible and well connected to the main roads (a few kilometers from Acqui Terme and Alessandria). Possibility of agritourism and wine tourism development Established brand and commercial network Possibility of collaboration Incentives available for young entrepreneurs and foreign investors
