### A first impression

A stone's throw from Piazza Missori, on Via San Senatore is the independent access with a small outdoor green space to this original living solution. In a 1950s building, the loft is on 2 levels. On the ground floor we find the large living area with dining area and living room illuminated by three large windows and furnished with light oak furniture and with custom-made sofas suspended on Egyptian marble elevation. Two opaline glass walls separate this area from the kitchen also furnished with light oak and Egyptian marble furniture and a bedroom with private bathroom with double shower. All floors on the ground floor are sand-colored Egyptian marble slabs.. Near the second entrance is a guest bathroom lined with gold Bisazza marble and a utility room with attached laundry room. A freestanding glass staircase with oak steps leads to the upper floor where there are two master rooms with respective bathrooms, one with a bathtub and the other with a shower. The floors are all solid oak parquet floors made in a herringbone pattern with dual-color frames. The loft is characterized by a fine and elegant attention to detail and the presence of advanced technological and home automation systems.

### Details of amenities

Alarm system Video surveillance system Wired network system Rotating parking space in the courtyard Central heating system Split air conditioning All-day concierge service Pay garage presence within walking distance

### All about the location

Via Ludovico Da Viadana is located in one of the most central and prestigious areas of Milan, a short walk from the Duomo. The area is well served by public transportation (MM3 Missori, streetcars and buses), as well as offering schools, universities, supermarkets, pharmacies and the Policlinico Hospital in the immediate vicinity. Elegant, quiet and perfectly integrated context in the urban fabric of the historic center.
