## A first impression

### RENOVATED FOUR-ROOM APARTMENT IN 1960S BUILDING, WITH PARKING SPACE AND BASEMENT

In a well-maintained building dating back to the second half of the 1960s, with no elevator but no architectural barriers thanks to the presence of a mobile ramp for wheelchairs, we offer for sale bright renovated four-room apartment, located on the third floor (penultimate) with triple exposure.

The apartment opens onto a comfortable entrance hall with hallway, which leads to the eat-in kitchen with access to the first balcony.

The living area is large and versatile, currently divided into two rooms: a cozy living room with sofa and TV area, and a space separated by curtain, currently used as a bedroom. From this room there is access to a livable balcony, overlooking the quiet condominium courtyard.

Serving the living area is a windowed bathroom complete with all sanitary ware.

A second hallway leads to the sleeping area, consisting of three independent double bedrooms, all windowed, air conditioned and each equipped with its own private lock. A second shared bathroom completes the sleeping area.

The apartment was recently renovated with modern finishes and is equipped with a home automation system and wall soundproofing, features that increase its comfort and living quality.

To complete the property:

cellar on the ground floor

assigned parking space within the condominium courtyard

large common garden usable by adults and children, ideal for outdoor recreation and relaxation.

Ideal solution both for a large family, who needs more bedrooms, and for those seeking a profitable investment due to the possibility of renting by rooms.

Also excellent as a back-up in the city, thanks to the functionality of the spaces and the brightness guaranteed by the triple exposure.

Contact us without obligation to schedule a visit!
